

LANDMARK SOLARIS® GOLD

SOLAR REFLECTIVE SHINGLES

Landmark Solaris Gold, in Max Def Weathered Wood

NOTE: Due to limitations of printing reproduction, CertainTeed can not guarantee the identical match of the actual product color to the graphic representations throughout this publication.

Landmark Solaris® Gold is an energy-saving breakthrough that puts cool roof technology to work. It is a steep-slope, solar reflective asphalt roofing shingle which contains advanced colored granules that reflect the sun's rays and can reduce a roof's temperature during those hot summer months.

With Landmark Solaris Gold, a new dimension is added to shingles with a richer mixture of surface granules. You get a brighter, more vibrant, more dramatic appearance and depth of color.

- **Lifetime limited transferable warranty** against manufacturing defects
- **Meets ENERGY STAR® requirements**
- **STREAKFighter 15-year algae resistance**
- **10-year SureStart protection**
Includes materials and labor costs
